I am a passionate iOS Developer with solid experience in Fintech, focused on building reliable, scalable, and user-friendly applications. With a strong background in software design and architecture, I aim to contribute to impactful projects and deliver high-quality applications.

Skills: Swift, UIKit, SwiftUI, MVVM, Clean Swift, Unit-UI & Snapshot Testing, SPM, CI/CD, Agile, Modularization

Work experience

Indie Developer

Sept 2022

Published two applications on the **App Store**, *Catch The Football Players* and *Goal Wallet-Wishlist Tracker*, taking them from concept to release and gaining end-to-end experience in the mobile app development lifecycle.

Intern

Apr 2023 - May 2023

Intertech, İstanbul

I took my first step into the world of technology as one of 100 young talents selected from 3,500 applicants for the **FirstTech Online Internship Program**.

Part Time iOS Developer

Jan 2024 - Jun 2026

Akbank Technology, İstanbul

I worked for 26 months as a **Part-Time iOS Developer** in the Core Banking Technologies Department at **Akbank Technology**, focusing on iOS mobile application development.

During this period, I contributed to projects such as:

- Digital Salary Acquisition
- Open Banking
- Mobile Screen Damage Insurance
- İstanbul Card - Modular Refactoring & Improvements
- Mobile 3.0 Transformation
- HGS Screens Enhancements

Through these experiences, I gained hands-on expertise in UIKit, SwiftUI, Objective-C, Unit-UI & Snapshot Testing, Clean Swift, and Modularization.

Full Time iOS Developer

Jun 2026 - Present

Akbank Technology, İstanbul

- Published the Transportation Cards project with NFC functionality, seamlessly integrating the partner institution's SDK for card communication and transaction processing.

Education and Qualifications

Computer Engineering Degree

Sept 2021 - Jul 2026

Karadeniz Technical University, İstanbul
